## **CALL TO ORDER**

The meeting was called to order at 10:18 Hours

## **PRAYER**

Prior to the commencement of the Meeting, National Anthem was sang followed by a prayer given by Bishop Mbuso K. Ndhlovu.

## **OPENING REMARKS**

The Assistant Public Relations Manager welcomed everyone present to the meeting. She informed members that they were invited to that Meeting for the purpose of the 2024 budget consultation which was by law a requirement that such Meetings were to be held once every year to enable the stakeholders and Community submit projects they intended to be undertaken in various areas. She also added that the program was sponsored by GIZ.

She further urged members to give submissions of the things that were needed in the communities. She went on saying that the grouping was comprised of WDCs and community members.

Thereafter, the Assistant Public Relations Manager requested for the submission of proposed local projects to be undertaken in Mazabuka Central Constituency.

With these few remarks the meeting was officially open for submissions.

The minutes of the previous budget consultative meeting were present and the following were **concerns**;

Members urged management to be taking pictures of before and after the project had been worked on. They also wanted to know if at all those projects that were submitted in 2022 were done, and if not why haven't they been done since Council was supposed to be sparing money for Ward Development.

In response the Director of Finance guided that not all projects submitted were supposed to be done by Council, because most of the projects submitted were 99% CDF. He further guided that there was need to concentrate on the projects that could be worked on by the Council, and those that were CDF to be applied through CDFC.

Members from Nega-nega Ward complained that most of their projects were not taking off. They added that only one borehole was done at Kaunda Kabuleya.

Members further guided that there was need come to up with a team of people that will be checking on projects.

Members urged management that there was need to conduct Ward Development Committee orientations in all Ward, so that there was harmonization in the way things would be done
